

# Ernestown Secondary School

## Grade 8 Information Night

Wednesday, February 7th, 6:30pm

Ernestown Secondary School is a fun, welcoming, and exciting school where students form deep connections with teachers, support staff, and one another. We believe that these relationships take time and trust to build, and that students thrive when surrounded by caring adults. With a sense of belonging and possibility behind all that we do, we are proud to be the small school with a big heart.
